JUNIOR BANQUET HELD LAST NIGHT

The Parish House Was The Scene of Junior Class Banquet Held Wednesday Evening, May 18

The Junior Banquet given by the Class of 1922 was held Wednesday evening at 6:30 o'clock at St. Luke's parish house. The decorations were carried out in the Senior colors of lavender and old gold. The tables were illuminated by yellow candles and made additionally attractive by bouquets of violets. Place cards decorated with lavender flowers completed the decorations. The excellent dinner was served by Mrs. Hussey and consisted of fruit cocktail and wafers, veal, mashed potatoeos, and gravy, peas in patties, combination salad, candwiches, pickles, pumpkin pie a la creme, frappe and cocoa.

Following the dinner there were toasts by members of the faculty and the classes. Miss Virginia Baisley was toastmistress and gave the greeting. The response was given by William Gallup, the Senior president. Then followed a toast to the Seniors by Howard Strong, one to the faculty by Emily McCoy, to the Juniors by Marguerite Workley, to the Athletic association by John Hamilton, and a final toast to "Happy Days" by Frances Taylor.

Entertainment consisted of dancing and games. All joined in and had a hilarious time playing "Blind-man's Buff," London Bridge and other old-fashioned games.

The following committees were responsible for the arrangements of the banquet:

Refreshment committee—Charlotte Spanogle, Ruth Summersgill, Emily McCoy, Marie Tanner.

Decoration committee — Maxine Sasse, Rosa Provin, Jessie Stravino, Iva Milliron, Martha Eschrich, Howard Strong.

Entertainment committee—Leola Anderson, Virginia Baisley, Arthur Engstrom, Gerald Denning.

The officers of the Junior Class are: President, Virginia Baisley; vice president, Howard Strong; secretary, Kenton Abbey; treasurer, Charlotte Spanogle.

The members of the Junior class are: Leola Anderson, Virginia Baisley Martha Eschrich, Mary Haven, Iva Millison, Rosa Provin, Maxine Sasse, Florence Smith, Charlotte Spanogle, Vera Thomas, Harriet Tuttle, Emily McCoy, Ruth Summersgill, Jessie Stravino, Marie Tanner, Kenton Abbey, Gerald Denning, Lawrence Dickerson, John McDermott, Howard Strong, John Hamilton, Arthur Engstrom, Hilding Bengs, Robert Hamilton, Oscar Anderson.

JOSEPHINE GALLUP HAD VERY NARROW ESCAPE

Saturday afternoon about 3 o'clock Mr. and Mrs. A. L. Gallup and fourteen-year-old daughter, Josephine, started for Smethport in Mr. Gallup's truck, as they made the turn from Irish Hollow onto the main road, Miss Josephine who was sitting on a box in the rear of the truck was thrown completely out of the car and landed at the side of the road. She struck on her head, but was not seriously injured, only badly shaken up, and in a short time the family resumed its trip. The young lady is a trifle lame, but otherwise suffered no ill effects.

Brushed wool scarfs with belts and pockets.

MARVIN CREEK ROAD LET TO COHEN & CO.

The Marvin Creek road bids have been received as was announced in the Miner last week. The bid of Cohen & Company was accepted of some $380,000 to build the state road leading from Smethport to Mt. Jewett which is about six miles in length and is approximately 32,199 feet. Its width is to be 18 feet.

Preparations are being made now for an early start on this piece of road which will be completed some time this summer. Men, teams and working utensils will be forwarded to the scene right away.

ELECTRICITY AND TAXES

Last Sunday two of our prominent citizens, property owners, were overheard arguing the question as to how much their taxes would be increased if Smethport installed electricity; one of them said he would like to see Smethport have electricity, but couldn't vote for it because it is going to "double my taxes." The other said "I intended to vote for it all the time but as you say if it is going to double my taxes, I can't vote for it."

The statement above as regards doubling taxes is all wrong, as the amount of taxes that would be added to one's present taxes will be a very, very small amount, in fact so small that no citizen can afford to let the question of taxes interfere with their voting for the electrifying of Smethport.

The following is an example of the approximate amount of increase of taxes to a person who owns property which is appraised at a valuation of $1,000. On that valuation the person is now paying taxes approximating $50, and included in that $50 is the Main street paving bond which is assessed 7½ mills, or on $1,000, $7.50.

If the town is electrified, the probabilities are that the assessment for the payment of the electric bonds will be approximately 10 mills therefore, on the above $1,000 property the owner thereof would have an electric tax of $10 a year. Now within the next two years all of the paving bonds will be paid off and then the 7½ mills tax on paving bonds will cease, therefore if you deduct that $7.50 mill tax from the electric tax of ten mills it will leave this property owner paying 2½ mills more taxes, or $2.50 more than he paid this year. In other words as soon as the road paving bonds are paid, and the town electrified a tax payer who paid $50 taxes this year will for the life of the electric bonds pay $52.50 a year, or in other words $2.50 a year more than he pays now, which is 5 per cent added to the amount of taxes he paid this year, therefore, any one who wishes to know how much addition taxes he will have to pay on account of electrifying Smethport, all he has to do is to take 5 per cent of the amount of taxes he paid this year and that will give him almost the correct answer.

When you come to consider the great benefits electricity will be to Smethport in that it will advertise our town, make it more beautiful, arouse civic pride, stimulate business, promote cleanliness, increase real estate values, lessen crime, and on account of the well lighted streets, decrease traffic accidents, and it will surely cause the town to grow and prosper which will furnish us the means for securing the paving of Mechanic street and many other needed improvements.

With all of the foregoing advantages to off set a few small dollars of additional taxes, no voter who has the good of our town at heart, can do otherwise than vote straight for the installation of electricity in Smethport.

Interesting Time at The Traveler's Club

The scene of a very pleasant event, occurred in the Travellers' Club room on Wednesday evening, May 11, when Court Ava Maria No. 203 celebrated their eighth anniversary.

The colors of her institution, of the national order, purple and gold combined with white, were used very effectively in decorations of the room.

Twelve tables laid for 50 plates. On each table was a center piece that carried out the color scheme and on this piece was a bouquet of violets and buttercups.

An excellent dinner was served at 6:30 o'clock by Mrs. Hussey.

After this much enjoyed repast Mrs. Hubbard spoke aptly on "Our Anniversary" when each member was urged to do her part well and thereby live up to the high ideals of our order.

Mrs. Clark spoke very pleasantly to our members of nineteen hundred twenty-one. The response was given in timely remarks by Miss Purtle.

Rev. P. J. Donohue honored us by giving an instructive talk for the good of our order.

A fine musical treat was given with Miss Geary at the piano. Miss Clair McCarthy sang with sweet and strong expression, Caroline, after which "That Wonderful Mother of Mine" was rendered with sublime feeling by Miss Winifred O'Brien.

Finally all arose and sang "America."

Mrs. Geary gave an attendance prize which was drawn by Miss O'Brien.

A game of 500 completed the entertainment for the evening.

OLEAN MAN'S SKULL FRACTURED ASSAILANTS ARE STILL AT LARGE

Joseph A. Bertrand, taxi driver, who resides in the Kinwood apartments on West Sullivan street, is in the Higgins Memorial hospital suffering a fractured skull, a wound in the neck and other serious injuries, the result of being assaulted by an unknown assailant in the dark on the Hinsdale road about five miles from Olean last Thursday night. This week he regained consciousness but was unable to speak, however, he wrote on paper letter "M" but stopped at that and had to be left to rest. He recognized some persons visiting the hospital Monday and there is hopes that he will fully recover from his wounds.

A most rigid examination has been going on the past week but up until the Miner goes to press, nothing of importance has been discovered by the police officials of any importance to throw any light upon the subject. Three or four men have been hauled into police court and examined but in each case they were allowed to go free. Mr. Bertrand has a wife and child who will receive the sympathy of the whole community in their deep trouble and on every side it is hoped that he will be able to talk and re-gain his lost faculties.

GAVE TALK TO BOY SCOUTS TUESDAY NIGHT

Mr. C. R. Anderson of State College was here and gave a very interesting and instructive talk to about thirty Boy Scouts in their rooms over Denning's meat market on Tuesday evening. Lantern slides were used to illustrate his work which was along the lines of re-forestration. The boys were all loud in the praise of Mr. Anderson and all hoped that he would again return to Smethport with something as good up his sleeve.

SHOWER FOR BRIDE-ELECT

Mrs. John Saulpaugh entertained nineteen ladies at a very attractive dinner and shower Monday evening May 16, at 6:30 o'clock in honor of her sister, Miss Margaret Hungiville, who is soon to be the bride of Paul Hillery of Cambridge, Mass.

The colors scheme was pink and white.

A large market basket filled with many beautiful and useful gifts were presented to Miss Hungiville by her niece, Miss Caroline Saulpaugh.

When Two Fords Meet There is Trouble

About 7:45 Tuesday morning at the corner of Mechanic and Main streets, a car owned and driven by C. W. Lillibridge going west and had just reached the Mechanic street corner when Mr. Sam Fridley of Crosby was just going to make the turn collided, thus causing the car of Mr. Fridley to land over near the corner nearest to the McKean mansion with the result of a badly bent axle and one wheel demolished—outside of that everything was all right. Mr. Fridley immediately had his car taken to Quirk's Garage for much needed repairs and up until noon Tuesday was still there.

The blame it is thought was Mr. Mr. Lillibridge's car was on the right approaching the Mechanic street corner with a little too much power thus making it utterly impossible for Mr. Fridley to get out of the way. This is a very dangerous corner and besides that, there is altogether too much fast driving going on in Smethport by a large number of automobile drivers especially in nearing the corners where there are several adjoining roads with no idea of slacking up their speed at all. It was noted Monday of one young man making Main street at a terrible rate of speed—about 30 miles and was allowed to go unmolested right on toward Backus. Some drastic action should be taken to cut down the speed here on Main street if not anywhere else.

BILL ENCOURAGES CO-OPERATIVE MARKETING

Believing that the passage of the Capper-Volstead Bill now pending in the United States Senate is necessary for the best interests of both producers and consumers, farmers are urging their senators, to give their support to this legislation. The bill has just passed the House of Representatives by a vote of 294 to 49.

It defines the Sherman Anti-Trust Law and the Clayton Amendment in their application to farmers' co-operative organizations. Its purpose is to bring about greater efficiency in the sales and distribution of farm products and lower retail prices to consumers by encouraging co-operative marketing. It order that privileges granted to far morganizations by the Capper-Volstead Bill are not abused, regulatory powers are granted under the proposed law to the Secretary of Agriculture. From an agricultural standpoint, this is the most important bill pending in Washington.

In the last two or three years prosecutions have been brought against farm organizations in California, Maine, Illinois, Ohio and New York. Not in a single instance was a conviction secured but the farmers were put to a large amount of expense and annoyance in defending these prosecutions, and thousands of them are, therefore, interested in having the status of co-operative associations clearly defined under the law.

W .B. CONNELLY GAVE A DEMONSTRATION

Mr. W. B. Connelly of State College was here and gave a demonstration on rape pasture work and for the purpose of drenching for stomach germs in sheep on Tuesday and Wednesday. He visited about 30 of the principal farm owners who owned sheep in the immediate vicinity of Smethport carrying on this work, and while doing so discovered that the farmers had neglected to castorate and dock their sheep, thus Mr. Connelly was a busy man during Wednesday instructing in this line of work.

CARNIVAL BIG EVENT MAY 24.

On Tuesday Evening, May 24, Will Occur The Great American Legion Carnival and Street Parade

The American Legion Carnival to be held in the Lyceum Hall on Tuesday night of May 24, promises to be one of the biggest features ever held in Smethport in some few years, it is under the able direction of Mrs. H. C. Wells. Mrs. Wells went to Buffalo Tuesday to secure plenty of costumes for this event.

We wish to inform all in the rural district to be sure and make it a point to be in town when the big street parade takes place at 4:15 on Tuesday, headed by the Smethport band. There will be a big array of fancy trimmed automobiles and wagons, clowns and make-ups of every description. Be sure and get your costume and help to make this occasion one of the greatest that ever appeared in Smethport. Get your old wagons out and trim up your bicycles boys. See the old man about letting you take a horse or two and make elaborate preparations for this day. It will be a fancy costume affair and a time that is going to be much enjoyed by young and old, so get on your glad rags and come forth.

There will be special electric lighting for this occasion under the supervision of Forrest Nourse and Tony Anderson—some 3 K. W. 110 volts, this machine is loaned by Henry Gallup and Clayton Backus.

The vaudeville will be clean and wholesome, featuring a high-class of musical entertainments picked purposely for this big show.

And in the evening at the Lyceum you will be entertained by a band, orchestra, a sextette, barkers, etc. Bring the children to see the funny antics of the performing bear.

There will be dancing all the evening, so that everyone will have some way to enjoy themselves.

In the booths, there will be as usual ice cream, pop corn, hot dogs, confetti, candy.

Understand there will be dancing and your admission to the whole affair will be but 50 cents, thus giving everybody a chance to spend an evening of pleasure wit ha whole house full of company and friends. Make this affair a real home coming night.

The entertainment will begin with the street parade at 4:15 and after the parade all will journey to the hall where merry-making will be in full swing until midnight for the benefit of Bucktail Post, American Legion. And all of will cost you is 50 cents.

THE OLYMPICS HERE SUNDAY

The Bradford Olympics will be the big base ball game at the fair grounds next Sunday, May 22. Game will be called at 3 o'clock. Smethport will use about the same men Coach Tull said last night. He said every man will get a fair chance to show his worth to the team, so all those desiring to get a birth can do so by getting out and working for it. Each man should have at least five games before he is given the gate. Bradford should put up a good article of ball as they have been in practice for some time past and the Smethport fans will be looking for something good out of this aggregation.

DR. WHITE TO DELIVER COMMENCEMENT ADDRESS

The commencement address for the Smethport High School which occurs on Tuesday, June 7th will be delivered by Dr. White of the University of Pittsburgh, Pa., of the department of Physology.

IRELAND SEE MUCH BLOODSHED OVER SUNDAY

Dublin, May 17. —Twenty-seven persons were killed during Ireland's worst week-end, according to the casualty list announced at noon Monday. Crown forces; killed 14 and wounded 8; civilians, killed 13, wounded 11. Daniel O'Brien, a Sinn Feiner, was executed at Cork Tuesday by teh British authorities.

Some men will eat thirty different kinds of food at one meal and then hold the olives responsible for their indigestion.

BEWARE OF HIM!

He dresses well, talks smoothly and leaves a trail of bad investments. We mean the "get-rich-quick" promoter who would trade your Liberty Bonds, or sell you securities of doubtful worth.

All large oil companies have men of experience watching every development, whether in Texas, Oklahoma, Pennsylvania, or any locality, and the lands having reasonable prospects are quickly taken by these larger companies.

We advise making a very thorough examination before buying from persons offering stocks of oil companies located in distant places; statistics show that less than 20 per cent. of these companies have resources equal to the amount of stock offered for sale.

COURT HELD FIRST 3 DAYS OF WEEK

Monday morning bright and early found many foreigners in Smethport as it was naturalization court held before Judge Bouton. About 40 aliens were given their naturalization papers. On Tuesday license court to permit the selling of soft drinks was held.

There were about 25 applicants at which time Judge Bouton ruled that they should not pass upon these licenses until he should hear from Harrisburg in regard to the new Woner bill enforcement act with reference to its effect upon the old license law. Argument court was held yesterday too late for the Miner to give any report on. Divorce court will be held today.

YACHT BEATS TRAIN IN RACE

Goes From Miami, Fla., to New York 47 Hours and 23 minutes.

New York, N. Y. May 16.—In a smother of foam the Gar II, Jr. raced out of the mists of North River and docked at the Colombia Yacht Club, having beaten the record time of the "Havana Special" of the Atlantic Coast Lines from Miama to New York by 21 minutes

The actual running time of the Gar II. Jr. from Miami was 47 hours and 23 minutes. The official express train time is 47 hours and 44 minutes.

Gar Wood, Detroit manufacturer, expects the Gar, II. Jr. probably will now go through the Erie Canal to Buffalo and from Buffalo to Detroit. The entire trip from start to finish will be one of more than two thousand miles.

I'd walk a mile for a Camel

The pleasure is worth it. There's no substitute for Camel quality and that mild, fragrant Camel blend.

The fellow who smokes Camels, wants Camels. That's because Camels have a smoothness, a fragrance and a mildness you can't get in another cigarette.

Don't let anyone tell you that any other cigarette at any price is so good as Camels.

Let your own taste be the judge. Try Camels for yourself. A few smooth, refreshing puffs and you'd walk a mile for a Camel, too.

NEAR EAST RELIEF WORK

Armenian Refugees preparing food by the roadside

More than 200,000 refugees are wandering through the rough passes of the Caucasus Mountains, starving, destitute, and almost naked according to dispatches recently received at Headquarters of the Near East Relief, One Madison Avenue, fro mits agents to Armenia.

This coutry's bill for laundry work and use of hotel linens a the peace conference cost $64,969, which would indicate the members of the party had a clean napkin almost every meal.

No weather lasts long enough to get used to it. Today's rain will be mud on the tires tomorrow.

AUTO RUNS WILD AS TWO FIGHT TO DEATH

Police Find Overturned Car in Which Chums Are Dead

Los Angeles, Cal. May 16.—With the entire police force and private detectives combing the city for two women, authorities here are confronted by a mysterious double murder, in which two men are believed to have shot each other to death while riding in an automobile at full speed.

A policeman found an overturned and badly battered automobile, underneath which were the bodies of two men. Prompt investigation identified them as Dr. Joseph Durant, a well known dentist, and Myron McCauley, a moving picture scenario writer.

In the wreckage of the car were two pistols, one an automatic, three empty shells of which were found on the seat a revolver containing one empty shell and five cartridges.

Employes of a garage where Dr. Durant had rented the car stated that two young women accompanied the two men.

Durant and McCauley, each 22, had been friends from childhood, mutual acquaintances say. Whether their deaths were the outcome of a suicide pact or whether they found a duel while their machine was going at top speed are points the police are seeking to clear.

The automobile had evidently run for about a hundred yards without a guiding hand before overturning. It had crashed against the curb, skidded for nearly half a block, and then somersaulted against a telegraph pole.

FIELDER PULLS OFF A TRIPLE PLAY

Knoxsville, Tennessee, May 16.—George Smiley, centerfielder of the Pioneers, Knoxsville's team in the Appalachian League, earned a place in base ball's hall of fame when he made an unassisted triple play against Jellico, with a man on first and second.

A drive that had the earmarks of a sure hit was laced over second. Smiley came in fast, caught the drive, stepped on the just vacated second bag and touched out the runner from first.

RECAPTURE SIX OF TEN GIRLS WHO ESCAPED FROM BEDFORD REFORMATORY

Bedford, N. Y., May 16.—Six of the ten girls who escaped from the Bedford Reformatory for Women last night were captured in the woods early today. All were weary and mud-stained, but they shouted and sang boisterously as they were returned to the institution.

Capture of four of the girls by Miss Skeahan, marshal of the reformatery, was due to their fear of barking dogs. Miss Skeahan, who was searching a wooded road in an automobile, came upon the girls as they ran screaming from the dogs. They made no resistance to the marshal. After recovering from their fright, however, they resumed a militant attitude and shouted noisily as they approached the reformatory buildings.

Two other girls, traveling together, were found wandering on the outskirts of the town by Keeper Towery.

BUFFALONIAN, CONVICT IN AUBURN, MAKES ATTEMPT TO ESCAPE EARLY SATURDAY

Auburn, N. Y., May 16. —David Schuch of Buffalo, a convict in Auburn States prison went over the wall in broad daylight Saturday morning and dropped into the Owasco river in an effort to escape. He was seen by Guard Westfall who ran out of the prison bareheaded and as the convict started to swim to the opposite shore he ordered him to return on pain of shooting at him. The convict returned to the prison side of the river and was re-captured.

Schuch is serving five years for assault in the first degree committed in Chautauqua county.

ASK FOR FREE LODGING, THEN PARK CAR OUTSIDE

Battle Creek, Mich., May 16. — Nothing is impossible in 1921, believe local police. When Lester Ashburn and Roy Gutz, claiming Bay City as their home, asked for free lodging for the night, they were duly registered and taken to the tramp-room. "Where may we park our car?" asked Ashburn, and the sergeant directed them to the city garage adjoining the jail. The car properly parked, they went to their "room."

THOUGHT $2 TOO CHEAP.

Cuba is an island. It is also a live little town in New York State. And, his subscription price to $2 there of course, Cuba has a live newspaper The Patriot. When the editor raised was one subscriber who realized so well what a paper means to a town that he admitted to the Editor that even $2 was too low. "I can remember he said, "the time when it took a day's work to pay a year's subscription to The Patriot. Now, even at the advanced price, one can pay for two or three years with a day's work. Nobody has any right to kick at the new price. The only fault I can find with yo uis that in justice to yourself you didn't make the advance sooner."

FIRST SLACKER LIST READY FOR PUBLICITY

Offer of $50 Made for Capture of Each Draft Evader.

The first official list of draft evaders in the 6th Army Corps area, embracing Illinois, Michigan and Wisconsin, was received by Col. Eli Helmick, chief of staff at Fort Sheridan. With it the War Department sent Colonel Helmick instructions on how to round up the 17,000 slackers in his territory.

The list is to be made public, Colonel Helmick said. It was sent to the military printing office at Camp Grant where 200 copies will be struck off. These lists will then be sent to the newspapers, postoffices, draft boards, State Adjudant General's office, county sheriffs, United States marshals and chiefs of police.

A reward of $50 is offered for the capture of each man named.

Lists will be published in small installments so police, soldiers, marshals and sheriffs will have ample time to investigate a certain number per day.

The old guardhouse at Fort Sheridan is being repaired for the reception of the slackers.

The War Department has compiled a list of 160,000 slackers throughout the United States.

Bandits Torture And Hang Victim

HORRORS OF INQUISITION ARE EQUALED IN KANSAS

Body Racked With Powerful Electric Current to Force Signature to Property Deed

Independence, Kan., May 16.—Drugged, tortured by electrical appliances and twice strung up with a rope, George S. Hight, a wealthy ranchman living about nine miles northwest of here ,was found on a main highway in a state of unconsciousness. In an incohrent manner, a little later he told posses numbering more than fifty persons who had been searching for him, that the affair was staged with robbery as a motive.

Early in the morning, he said, he drove to a pasture where he had some repairing of a fence to do. About 9 o'clock a drab-colored five passenger motor car, which had on all of its curtains, stopped about a quarter of a mile away. Two men got out of the car, and after standing there for a moment shouted for him. Thinking they needed help, he went to their aid.

Forced Into Car and Tied.

As he walked up he saw one was a negro with hair closely cropped, weighing about two hundred pounds, while the other was a white man, a blond, with a disfigured face. His right eye was about a half-inch lower than the left. On Hight's arrival at the car the negro pulled a gun and ordered him into the car. He said his wrists and ankles were bound with ropes.

After driving a short distance his arms were released and he was ordered to sign a check for $500 and a deed for five hundred acres of ranch land.

The two bandits had three of his abstracts that were stolen some time ago from the Bank of La Fountain, a small town near by.

"If we can't get these people's money out of the bank we will get it another way," the white robber is said to have exclaimed.

Hight refused to sign the instruments. It was then, he says, he was again bound and drugged. After that things were hazy. He remembers that about two hours afterward they drove to an empty store building and there a strong battery had been installed and wires were fitted around him. This was supposed to be the "ace" instrument of torture with which the roobers had decided to torture the farmer into signing the papers.

Start Electrical Shock.

Some time ago he had be struck by lightning ,so the electrical appliance had little effect on him. He was then taken to the center of the room where a rope was put around his neck and the other end thrown over a rafter. Twice he was raised off the floor and he still refused to sign.

He remembered if he did sign the deed and check the men could hold him prisoner until they could be negotiated. When he was let down the second time he tumbled over unconscious.

Hours later he remembered riding and then he was released within one and one-half miles of his home with orders to remain there for an hour. He tried to walk, but the robbers threatened to murder him unless he complied with their commands. He obeyed. The robbers escaped and a little later he was discovered by his son, Homer E. Hight, and a posse.

The Hights are a well-known family in Independence, other members being in the real estate bussiness here.

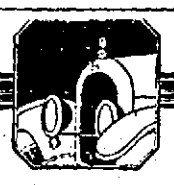
FOR SEVENTY YEARS NORDYKE & MARMON COMPANY HAS STOOD FOR HONORABLE MANUFACTURING, FOR CLEAN, FAIR DEALING AND FOR BUSINESS FAIR PLAY



Next Year's Prices Now!

For the Marmon 34

No need to wait. No need to put up with a lesser car. Marmon 34 now occupies the supreme position among fine cars

THE Marmon 34 at $3985 is changed only in price. It is the identical car formerly selling at $5000. Not a single change has been made. Not a single item of equipment has been removed.

The lower-priced Marmon 34 is the finest car we ever built. It includes all the later-day betterments and refinements.

It stands now, the supreme offering of the year. No car at $3985 can compare with the Marmon 34 in design, construction, performance, beauty and all the qualities that have won for Marmon 34 its distinguished position as a de luxe car.

The reduction may amaze you, but please think of it merely as business fair-play. Instead of gradual reductions, we make one complete jump to 1922 prices. We quadruple our market. The Marmon 34 wins thousands upon thousands of new friends.

So the answer is: Act at once. See this car, now within your reach, that formerly cost $5000. Ask for a demonstration. Then order quickly, so as to insure prompt delivery.

EDITORIAL.

Mr Gompers does not like the open shop but a lot of men who haven't like Mr. Gompers, a job, don't like the closed door.

Washingotn Post —From the size of the salaries the league of nations officials fixed for themselves, they must have had a hunch that the league would soon be in a bad fix.

Now that the Chamber of Commerce of the United States has framed a resolution on the subject of the tariff, it would be a fine thing if some officer of the Chamber would tell the country just exactly what the resolution means. A translator or interpreter is needed.

Governor Harding of the Federal Reserve Board, spoke sound sense when he said to the Southern bankers the other day that "There is no actual over-production in your section of the country or any other. It is a question of releasing the products, damned up in the South, which normally would be shipped abroad." That is entirely true. There is urgent demand somewhere in the world for every pound of cotton or other products, in the South or elsewhere in this contry. The problem is to get the things to the places where they are wanted. It has often been the case that one part of Russia or of China suffered famine while in another part there was a glut of foodstuffs. Means of transportation and distribution were lacking. The United States ought not to suffer in such fashion.—[Harvey's Weekly.

All employees of the Endicott-Johnson Shoe Company have cut in their wages. This company is situated at Endicott, N. Y., in Broome county. They have also cut the prices in their restaurants throughout their factories and now a person employed by Endicott-Johnson can get a good square meal for 15 cents—outsiders are charged 25 cents. The former rate to employees was 20 cents and to outsiders 35 cents. This has been maintained by them during the past year or more. If other concerns would only do this, but no they always cut the poor man's salary first and let him struggle along to get a miserable existence a best he can. Endicott-Johnson Shoe Company gave to their employees during the year of 1920 approximately $2,000,000 to all persons who had been in their employ a year, thus making $267.35 that each person would receive for a Christmas present. How many companies half the size of this company ever give one-tenth part as much money to the poor working man? If half the big manufacturers of the United Staes would take care and provide for the working man as much as Mr. George Johnson there would be considerable less misery in the world than there is today. It can be truthfully said that Mr. Johnson has the hearty co-operation of all his employees and his whole heartedness is incomparable in the United States. Such men are few in the world, but nevertheless honored and loved by all men who are today in their employ. All the working man is asking today is wages that will give his little family a decent living. One man said "I don't expect to get as much money as I did in war time." I expect a cut in wages. The only thing I ask is that the cut shall correspond to the cut in my grocery, coal, rent and clothing bills, if I am going to earn less, things have got to be fixed so that I can get along by spending less. Their every wish has granted and the working man and Mr. Johnson are united as one.

DEBT TO NEW CITIZENS

Vice President Coolidge contends that greater recognition should be given our new immigrant citizens for the loyalty and service they have rendered the United States. In an address to the United States Daughters of 1812, assembled in annual convention at Washington, Mr. Coolidge told his hearers that they had a justifiable pride in their ancestry, but that they and other citizens must not forget the debt the country owes to its new citizens. "While we have a right to glory in the achievements of our ancestors," said the Vice President, "in early days of American history, we must recognize the achievements of our new citizens and we must trust them to carry on those ideals to which this republic is dedicated."

DRIFT IS TURNING

The New York State Employment Bureau reports a noticeable back to the farm movement on the part of that class which was drawn cityward during the war by the promise of high wages. The majority of this class were unskilled and while they may have picked up sufficient knowledge of their jobs to be satisfactory workmen, with the advent of slack times they are the first to be let out of industry. Living in a city with nothing to do and no income soon takes away the glamor of the bright lights and thoughts revert to the old home surroundings where there is always plenty to eat even if there are no movies. Thus the drift turns homeward. Yet it is but the working of cause and effect and might have been expected. No place is a good place to live if rations are scanty or wanting. There may be those who would rather live in want in a city than in plenty amid rural scenery, but those who were born and reared in the country know which is to be preferred. And wise are those who are sensible enough to realize that living in the country with plenty to eat, for no one with industry ever goes hungry in the townships, even with a lower wage rate may be far preferable to city life where every cent one can get may go for far less than one can get in the country for little.

And this drift, whether great or small is the working out of law. Men and women are attracted toward that which offers the greatest promise. When the city bids higher it draws. When the country has more to offer it will be the beneficiary. Too great a migration in either direction will right itself. Itis the working of the law of supply and demand. And supply and demany have peculiar ways of righting themselves. Akron a year ago could not supply the demand for houses. The town needed many thousands more than it had. Today the situation is reversed. Fewer people want houses. That solved the problem. Often there is great worry over matters that if left alone solve themselves. The solution may not be to one's liking but it cannot be helped. It is true that a good many of our troubles never happen. Before they become acute they disappear. There has been a lament that the country districts were being depopulated by the city and may suggestions have been made to change the trend. Now it changes itself and it will continue in just the measure that the country has more to offer than the city. When the country offers much more than the city it is the latter that will do the worrying over means to attract more people—]Pittsburg Gazette Times.

THANK YOU

The Miner is once more pulling out in true form and with the hearty co-operation of its readers ready and willing to advertise with the paper, we are enjoying mighty good business.

Seventy-five per cent of those thus far approached for their subscription have gladly given it, together with two dollars. This means that the good people of McKean County can see a real need for a newspaper that maintains the truth and prints the truth just as far as it is possible to do it. We have no apprehension as to the outcome along the line of subscription-getting, but what we do know is that old subscribers are daily renewing their subscriptions, which is most pleasing to the owners of The Miner.

Look over the advertising columns. Have you ever seen a more healthy, promising set of advertisements in any paper. Are these business men who chosen The Miner as an advertising medium not among our best business men. Will you fail to visit these places of business when in Smethport and look for something in their respective lines?

We thank those who have cheerfully and gladly given us their advertisements, some of the advertisers now with The McKean County Miner have been on the mailing list for years and we can assure them that we will do our best to make their ad announcements pay.

We have been forced during the past two weeks to cut out some advertising.

We want you to watch our advertisers, and we also want those who think well of the paper to speak a kind word for it when making your purchases here in Smethport. Again we say to one and all, "WE THANK YOU."

IT PAYS TO SMILE

On my way to work this morning I met a fellow who has more friends in town than anyone I know of. And I have discovered why—it is his smile. Morning noon and night he wears it. Neither the rains of summer nor the storms of winter seem to have any effect on that smile except perhaps to broaden it and make it more impressive. Society everywhere welcomes him and even the stray dogs know him and expect a pat from him when he passes. They say he is a positive cure for the grouch and that his smile is catching. When he drops in at the club on an evening and the boys are feeling a bit blue it's just like letting the sunshine in. He don't know what it is to be lonesome, his smiles takes care of that. I have never asked him what his creed was but I know that the town is just a little better off because he is one of us.

It pays to smile.

AT EASE—THE GUARD'S AWAKE

Secretary of State Hughes is not only vigilant in looking after American interests abroad, but he is clear, forceful, and convincing in the language he uses to state the American claims. Relative to participation of American concerns in the development of oil resources in the Dutch East Indies, he says very directly that the United States has given foreign capital equal opportunity in this country, that he people of other nations are permitted to develop oil properties in the Dutch East Indies, and that the United States expects that the same privileges will be extended to the people of this country. It is encouraging to find an American spokesman talking for America—not selfishly, but in a dignified and self-respecting manner. We ask no special favors or privileges. We do ask and expect equal opportunity.

LITTLE THOUGHTLETS

Every community has a man who makes himself unpopular by butting into an argument with this remark: "The fact is, both of you are wrong."

What has become of the old-fashioned young man who sang, "How Are You Going to Keep 'Em Down on the Farm?" He's here, but he is singing, "How Are We Gonna Stay in Town and Eat?"

Don't try to do everything—let posterity solve some of the problems.

Nothing is ever gained by winning a bargain and losing a customer.

Eating too much is a brake on our activities.

Selected Verses

THE SILENT MAN

We never guessed the woes he had,
Nor how he suffered when alone
That now and then his heart was sad
To very few was ever known;
He'd hear us tell our tales of care
And utter words of kindly cheer,
Yet of the griefs he'd had ot bear
No word from him we'd ever hear.

That he had grieved and he had wept
To us it never once occurred
Unto himself his hurts he kept,
Though many a sympathetic word
He spoke to us to soothe our woe;
He'd let us tell our sorrows through
Yet very seldom did he show
That he was deep in trouble, too.

By chance we learned behind his smile
And patient way we'd grown to love,
Despair was gnawing all the while;
A grief he'd made no mention of
Was his to carry, and his heart
Wore deeper scars than we had known,
And stiff, as one who plays a part,
He bravely bore his cross alone.

"Herb" Moran's Ridgway base ball club with seven big leaguers in uniform will begin operations in St. Marys on May 24. Herbert has selected some of the best ball players that money can buy to represent the three towns. He said in an interview Saturday that he knew just what he had and how much of it. The Elco's will carry four good pitchers this season. The people of that valley are very fortunate in having the services of "Herb" Moran, as he is a gentleman ball player and that will give his best to win a ball game goes without saying. The Miner extends best wishes for a prosperous season.

USED CARS

Now is the time to buy your used car. If you are mechanically inclined you have the winter season at your disposal in which to become acquainted with it, polish it up, equip it with the little features you would like your car to have and be ready when spring comes, to start a season's motoring with a knowledge of your car and pride in it's appearance. We have a few good, small used cars on hand. Will gladly demonstrate. Easy terms of payment.

1917 **OVERLAND**—FOUR CYLINDER touring car. Recently overhauled. Five good tires.

1918 **CHALMERS** touring car. Five cord tires, practically new.

1917 **STUDEBAKER** touring car with four almost new cord tires and extra fabric tire.

The mechanical condition of all these cars is first-class.

THE LOW PRICES ARE HERE

We have adjusted our prices in response to the public demand for a return to lower prices. This, of course, means a big sacrifice to us and a most remarkable saving to the purchaser. Every piece of furniture in our store has been remarked—to the lowest possible figure—and we will guarantee present prices against any further decline until July 1, 1921. We are better prepared to meet the demands of the public than at any time in our history. Our floors are filled with high-grade furniture that will be appreciated for years to come. We are always ready and willing to show our furniture. Call in and see us.

LOCAL MENTION.

—Do not forget the American Legion Carnival on the night of May 24th.

—There was a heavy frost on Monday and Tuesday nights that sure did some damage.

—Base ball next Sunday at Fair Grounds. It is thought that Gallagher will do some pitching in this game.

—We are ready and prepared to do any and all kinds of job work at reasonable rates. Call in with your work.

—The Farm Bureau is shipping today about 1,000 pounds of rare wool to Philadelphia for the purpose of making it into blankets for camp use, etc., the cost of which when completed will be about $8.75 each. This is a rare piece of wool but few are able to secure any at all for this use.

—Two young men who claimed Roulette as their home said they saw on the road just below Larabee and east of the Young Bridge, two black bears going up the mountain side by the Shawmut tracks last Sunday night at about 9 o'clock. But after talking with the men for a few minutes you would decide that they had been indulging too much in Hoorkey veno or some other poison that affected their eyesight as well as doing other bodily ahrm to their walking power. They evidently saw stars with long tails on them and little bronnies running around.

—Fred Shearer was the official umpire at the ball game held on the fair grounds last Sunday and his work was considered fine.

The St. Luke's Guild will have a rummage sale May 26 at 10 o'clock. It will be held at the Parish House.

News from the World of Sports

The base ball played between Galeton and Smethport last Sunday on the fair grounds proved to be very good according to some 300 fans that braved the cool afternoon air to witness the contest. It was everything but base ball weather, but nevertheless the game helped to keep the large number that attended at least warm by rooting for the home crew.

Galeton drew first blood with a run right in the first round and added one in the second, but Smethport also had the ball a rolling in this frame, getting across two brave warriors thus making two-all. Smethport added one in the third and two in the fourth making the score here 5 to 2. The Galeton manager decided to change pitchers at this stage of the game and sent in one gentleman by the name of Bechdel. This inning proved too much for the Galeton crowd as Smethport lambasted the ball all over the field getting five runs and putting the game away for safe keeping and were contented with one run in the eighth inning. Galeton took a brace in the eighth and it looked as if they might do some harm, but the best that they could do was to put over a pair of runs. Errors on both sides proved to be costly as in most cases a run would be scored on the error. The Smethport line-up was considerably changed under the strict management of Coach Herman Tull and the boys surely played much better ball with the assistance of Mr. Tull. Better things can be looked forward too within a very short time. The material is there and Mr. Tull will look after this part of it in fine style the fans can rest assured. He also was in the line-up of the game at second base and had one time to bat.

Peeler was chosen in the roll of catcher, Hogan McCarthy was shifted from third to short stop to make room for a large fellow by the name of Gallagher who covered himself with glory in his first appearance. He ran the bases much like an airplane and succeeded in getting two two-baggers off the opposition. Louie Hull was placed in left field and Paul Denning played center field with a side partner in right field whose name is Max McDermott.

Coach Tull chose Thomas Ulysses Clark for mound duty and Tom proved a stumbling block for the Galeton team, making no less than nine of them fan the old air. He allowed but seven hits which is a pretty good start for one's first game. He will remain on the pitching staff until further notice. Bobbie Hull took a hand in affairs in the eighth working very well.

The hitting of Paul Denning, McCarthy and Gallagher featured the contest, while Bechdel aand Wilson were the shining willow wielders for Galeton. Neither team had much to do on the outgarden, Denning had three put-outs. Jackson of Galeton at first base took off the fielding honors for his team accepting ten chances without an error. "Crow" McGowan accepted nine chances without a bundle for Smethport. Peeler guarded his position well and with the exceptions of the very last inning had escaped with the very best of results, but here with two strikes on the batter and three balls throwed his finger out of joint and tearing the flesh clear around the bruised member.

The Smethport band gave an excellent concert on the grounds despite of the cold weather which was thoroughly enjoyed by the crowd.

The summary of the Smethport-Galeton game follows:

RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination for the County of McKean Pa., to be held at Bradford, Kane, Port Allegany and Smethport on May 28, 1921, to fill the position of rural carrier at Colegrove, Mt. Jewett and Eldred and vacancies that may later occur on rural routes from other post offices in the above-mentionad county. The salary of a rural carrier on a standard daily wagon route of 24 miles is $1,800 per annum, with an additional $30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. The salary on motor routes ranges from $2,450 to $2,600 per annum, according to length. Separate examinations for motor routes and wagon routes are no longer held. Appointments to both positions will be made from the same register. The examination will be open only to citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointment unless they are the widows of U. S. soldiers, sailors or marines, or the wives of U. S. soldiers, sailors or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form No. 1977 and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington, D. C. at the earliest practicable date.

GIRL OF CAGE, HEIRESS

Schenectady, May 6.—Further investigation by Humane Officer William A. Hennessey into the case of Jessie Tall, 31 years old, held a prisoner 16 years at the home of her mother, Mrs. Catherine Hall at Ballston, near here, shows that the girl is heir to about $8,000. This was left to her by her grandfather, the late Lee Hall and an effort will be made to find out what has been done with the money. A similar amount was bequethed to the elder sister, Ida who lives with her mother and sister.

When Mr. Hennessey talked with Mrs. Hall at their dingy farm home about a mile and a half west of Round Lake he noticed a small key attached to her apron. This key, he believes, may lead to the hiding place of a small fortune collected while the 3 women have been living in solitude and near poverty many years.

Dr. J. L. McElroy, of Jonesville, who examined Jessie Hall before she was first committed to Utica, has been appointed by County Judge McKelvey to investigate the sanity of the family. All are being permitted to remain on the farm until the examination is concluded.

PAINTED POST REFUSES TO PAY MORE TAXES

Painted Post, May 16.—Painted Post taxpayers will not pay a cent more this year than they did last, according to a statement coming from the village fathers.

This is made despite the fact that extensives improvements, including brick pavements, grading of streets and sewers are to be completed this year.

As we were saying, if you will drink, drink Heart's Delight Coffee. adv19w2

"Well now,
Does it pay?"

Is there any single query oftener put
than simply that?
Tells us when to buy a farm, sell some

Take insurance, lose our tonsils—yes,
or even keep a cat!

What of conscience, then, which firmly buds us "yes," or simply "nay?"
Does it pay to keep it stalwart, heed its every little say?
Ask the man of great achievement (sixty years, if he is a day).
Hearken how the man who's conquered answers to our "Does it pay?"
"Well, now,
I'll say it pays!"

LOSES MIND OVER INCOME TAX

Buffalo, N. Y., May 16.—Papers filed in the county clerk's office here state that Ethel J. Mahan, owner of a grocery store, became so worried over fear that the government would confiscate her business, because of possible errors in her income tax report, that she lost her mind. She was committed to the State Hospital for the Insane.

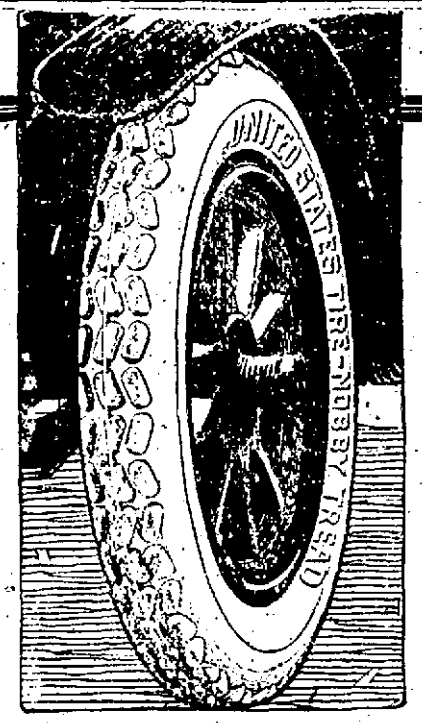
To the motorist who has quit guessing about tires—



THE U. S. NOBBY TREAD

Where the going is specially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

Its very simplicity—two diagonal rows of oblong studs, interlocking in their grip on the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

ALONG about this time of year a man finds his motoring neighbors getting anxious about their tires. With folks expecting old tires to "pop" any minute, there comes the question of what kind of new ones to buy.

U. S. Tires are answering a lot of questions like this nowadays.

* * *

The U. S. Tire following embraces two kinds of tire buyers.

Those who *started* with quality *first*, and have never bought anything else but the *quality standard tire*.

Those who came to *quality first* only after dabbling with "bargains," "rebates," "job lot" and "surplus stock" tires.

* * *

Getting one hundred cents value on the dollar in tire buying is a straight-forward business proposition—not guess-work or a game of wits.

The most essential man for you to know today is the local U. S. Tire dealer who is *concentrating* on a full, completely sized line of U. S. Tires.

He gets his U. S. Tires straight from his neighboring U. S. Tire Factory Branch—one of 92 such Branches established and maintained all over the country by the U. S. Tire makers.

* * *

He is the man who can give you fresh, live tires—not stuff shipped to him from some point where it did not sell, but *new* tires of current production.

Giving the same quality, selection and price-advantage to the owner of the medium weight car as the big car owner gets. With equal service and buying opportunity whether he lives in the smaller localities or the greater centers of population.

"The most essential man for you to know today in the tire business is your local U. S. Tire Dealer."

FINEST PURE SEED LAW OF ANY STATE IN THE UNION

Harrisburg, Pa., May 16.—Pennsylvania now has on its statute books what Secretary of Agriculture Fred Rasmussen has characterized as the finest pure seed law of any State in the Union. The law was drawn and presented to the Legislature by the Pennsylvania Department of Agriculture, was passed by the law-makers and approved by Governor William C. SProul on April 26. Under its provisions the farmers of Pennsylvania are absolutely protected in the seed houses that for years have been dumping refuse labeled "pure seed" in this State will be forced to find markets elsewhere.

All seed sold in this State after July 1st will have to be labeled, showing the exact contents, while no seed may be sold containing noxious weed seed. Briefly, the provisions of the new pure seed law, which is the first of its kind ever enacted in this State, follows:

The law does not try to establish grades for seeds, but aims to have the seed labeled so that all essential information about it will be clearly shown and the buyer can then use his judgement.

It requires information to be supplied on the following points:

Common name, Per cent of pure seed per cent of weed seed, the name and number per ounce of noxious weeds, the percentage of germination and the sellers' name and address.

Varying requirements on these points are made for agricultural seeds, including vegetable seeds and mixtures of these.

The intent of the labeling requirement is to see that the buyer always has an opportunity to know just what he is getting, and the label may be attached to the package, bag, box or other container in which it is sold, or fixed on the container from which it is sold.

The Act comes into force July 1, 1921.

Seeds containing dodder and Canada Thistle down to even a very small per cent are prohibited from sale, and the sale of any seed with more than per cent of weed seeds is also prohibited.

Exceptions to the labeling clauses relate to small amounts of seed, or seed that is to be reclained before being sold for seed purposes.

The Secreary of Agriculture is empowered to take samples of seed anywhere, to test these for germination and weed seed content and to published results of such tests.

A penalty is provided for violation of the act.

The act also provided for injunctionation against the sale of seeds that are a menace to the public on account of excessive weed seed content or of the presence of too large a percentage of noxious weed seeds.

CAPTURE SIX MEN SUSPECTED OF LEADING BIG JAIL DELIVERY

Huntsville, Texas, May 15.—Six men considered the ring leaders in the escape of 40 prisoners from the Huntsville state prison Thursday were captured today by three guards from the penitentiary. Twenty-three of the convicts who escaped have been captured and two others were slain yesterday near Dodge, Texas, when they fired on a posse.

LAKE SUPERIOR SCENE OF RAGING SNOW BLIZZARD

Sault Ste Marie, Mich., May 16.—Two barges, the Miztec and Peshtigo, broke away from the steamer Zillah of the O. W. Blodgett Line six miles above Whitefish Point during a raging snow storm on Lake Superior Monday morning, acording to a wireless despatch from Whitefish Point. A coast guard cutter has been sent out to search for them.

No other mishaps have been reported as the result of the blizzard, one of the worst in years. Six inches of snow fell during the night and the temperature droped to below freezing.

It is claimed that the longest sentence ever pronounced is: "I pronounce you husband and wife."

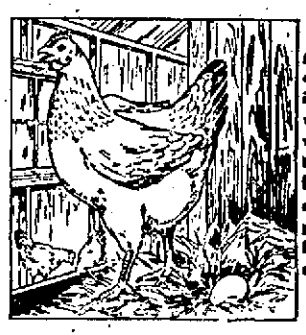
Is An Egg Ever Too Fresh ?



This hen has produced a mighty good food product—a strictly fresh egg. She is proud of the fact, and is doing some very effective advertising. Time was when people were not so critical about eggs, and the question whether an egg had been laid for three or four days or a couple of weeks wasn't very important; but in these times strictly fresh eggs bring a great big premium.

HOW ABOUT ROASTED COFFEE?

Green coffee improves with age, but roasted coffee, like fresh eggs, is never again so good as when fresh roasted. There is just as much difference between fresh roasted coffee and stale coffee as there is between newly laid eggs and those several weeks old. For twenty-five years we have had first-class facilities for blending, roasting and packing coffees. Our best known brands, HEART'S DELIGHT and GOLD CROSS, have been giving satisfaction to coffee drinkers for a generation. We have the only first-class coffee roasting establishment in this section of the state, and our brands of coffees are always VERY MUCH FRESHER and therefore BETTER, than those roasted in New York or Boston. Ask your grocer for our package coffee.

PARKER & PROCHNOW
Patent & Trade Mark Law
Ellicott Square Building

Buffalo, N. Y., April 30, 1921.
Parenti Motors Corporation,
Buffalo, N. Y.,
Dear Sirs:

At your direction we have examined the records of the United States Patent Office and find no patents in the name of the Cornelian Company, Birmingham, Motors Company and George B. Mecham relating in any manner to automobile spring suspension or to body construction or to any other matter or thing whatsoever, so far as we have been able to discover.

We have also been informed on what we believe to be reliable authority that there are no such patents in the name of the Cornelian Company.

We have investigated the Cornelian Car and we have found on reliable authority that the only patents applied to the manufacture of that car were patents of one H. E. Blood, No. 1,125,801 issued January 19, 1915, for vehicle seat and No. 1,154,365 issued September 21, 1915, for vehicle speed gearing.

The gear device and seats used in Parenti automobiles are of standard manufacture and are purchased from manufacturers of standard articles.

The Parenti Company are the owners of three applications for patents, the first of these covers features of the body construction of which about one-half the claims have been allowed. The second covers the spring suspension used on the Parenti car involving the elimination of solid axles on which nearly all of the claims have been allowed. The third case covers the rear and construction of the Parenti car, including portions of the spring construction and differential of which about half the claims have been allowed. These cases are still pending and, without doubt, further claims will be allowed.

We believe that these applications for patents will thoroughly and completely protect the Parenti Motors Corporation in the manufacture of the features of its automobile indicated above.

Yours very truly,
(Signed) PARKER & PROCHNOW.

LOOK OUT FOR YOUR DOG

Constable Burdette Dickinson ash been instructed to use drastic action in regard to the Dog License, receiving from the State secretary of agriculture a circular letter instructing them to be omre vilgant in the enforcement of the dog license law which was put into effect in 1917. The letter points out that every dog should have a license and if not to secure one as quick as possible. Dogs that are permitted oft times to stray at night are found running deer and especially damaging livestock. All licensed dogs running at large between sunrise and sunset should be impounded and the owners notified. The officers of every town have been especially urged to make an example of the people who are openly and knowingly violating the dog laws. Of late many dogs running at large between sundogs have been permitted to run at large in McKean county the result of which quite a few have been shot. Mr. Dickinson states that he will immediately begin operations and every law abiding citizen should stand by him in this matter. He said he has in the past been rather easy concerning the dogs, but now he has been ordered and has no alternative. He also said that there were many cats running at large that apparently who have no homes sicking around barns need to be taken care of by someone at once.

PIPELESS CALORIC FURNACE
THE ORIGINAL PIPELESS FURNACE TRIPLE-CASING PATENT

IT seems like old times to price this Florsheim "Hampton" at $10.

The quality is identical to what we sold last year at $16 and $18. The style is new and pleasing. There's genuine satisfaction in selling a pair of Florsheims to a man at to-day's price. We know that he is getting more relatively than he can obtain from any other store for the money, and we have Florsheims in every style to please any taste.
